Getting Started	
Let's start with a few easy ones that help us determine how to structure the calculator. To ensure accurate results, all questions are required unless otherwise noted.	Be sure to convert Canadian Dollars to U.S. Dollars
The student's first name (optional)	Optional
Who will be answering the questions?	Select appropriate response from drop-down box
Select the formula method to use	Choose Institutional Methodology (IM)
Dependency Status	
These questions determine whether you are considered a dependent or independent student for your financial aid application. Remember, these questions refer to the student applying for aid.	
Your year of birth	Select the birth year of the student from the drop-down box
College grade level in the coming school year? Your marital status	Select 1st (never attended college) from the drop-down box Select the student's marital status from the drop-down box
	Click "No" button, unless the student has children who get more than half of their support
Do you have any dependent children?	from them.
Are you an orphan or ward of the court?	Click "No" button, unless both biological or adoptive parents of the student are deceased and they do not have a living adoptive parent. Also select "Yes" if the student is, or was until age 18, in an orphanage, in foster care, or a ward of the court.
	Click "No" button, unless student can provide a copy of a court's decision to prove
Are you an emancipated minor?	emancipation. Click "No" button, unless student is living in shelters or temporarily living with other people
Are you homeless or at risk of being homeless?	because they have nowhere else to go.
Household Information	
Next, tell us a bit about your family's household.	
Your parents' marital status	Select appropriate phrase from the drop-down box for the marital status of the parent(s) with whom student lives. Click on the "?" for precise descriptions.
	Select the year of birth of the older parent of the parents you live with. If the parent you live with has remarried, and your stepparent is older than your parent, select his or her year of birth. Do not select the year of birth for a parent you do not live with more than 50% of the
Your older parents' year of birth Your parents' state of legal residence	time. Select "None of the Above" from the drop-down box
Number of siblings in your parents' household	This response should include only the number of siblings the student has, exclude the student in this number.
	producti in this number.
Parent Income	
Please provide the following information about the student's parents using their tax return form.	Use 2022 Parent T1s You must convert Canadian Dollars to U.S. Dollars
Your parents' combined adjusted gross income (AGI)	In U.S. Dollars, Line 23600, sum total of both parents in household (if applicable).
Tour parents combined adjusted gross moonle (AGI)	
Your parents' federal tax payment	In U.S. Dollars, total of Lines 42000 and 42800, sum total of both parents in household (if applicable). Parents living in Quebec should also include their Quebec Provincial Tax, Line 45000.
Your parents' federal tax payment Work income from one parent	In U.S. Dollars, total of Lines 42000 and 42800, sum total of both parents in household (if applicable). Parents living in Quebec should also include their Quebec Provincial Tax, Line 45000. In U.S. Dollars, Line 10100
