In order for your dependent coverage to begin You must already be covered for Employee coverage or enroll for Employee and dependent coverage at the same time.

Subject to the Exception below and to all of the terms of this Plan, the date Your dependent coverage starts depends on when You elect to enroll Your Initial Dependents and agree to make any required payments.

If You do this on or before your Eligibility Date, the dependent's coverage is scheduled to start on the later of Your Eligibility Date and the date You become insured for Employee coverage.

If you do this within the Enrollment Period, the coverage is scheduled to start on the date You become insured for Employee coverage.

Once you have dependent coverage for Your Initial Dependents, You must notify Us when You acquire any new dependents and agree to make any additional payments required for their coverage.

A Newly Acquired Dependent will be covered from the later of the date You notify Us and agree to make any additional payments, and the date the Newly Acquired Dependent is first eligible. But, You must notify Us and agree to make any additional payments within 31 days after the date he or she becomes eligible. If You are required to pay all or part of the cost of dependent coverage, and You fail to do so, Your dependent coverage ends. It ends on the last day of the period for which You made the required payments, unless coverage ends earlier for other reasons.

Your dependent's coverage ends when he or she stops being an eligible dependent. This happens to Your child on the last day of the month in which Your child attains the age limit, or for Your handicapped child who has reached the age limit, on the date in which he or she marries, or is no longer dependent upon You for support and maintenance. If You have any questions about the Utilization Review process, please call 1-888-618-2016 or the number on Your ID card. The toll-free telephone number is available at least 40 hours a week with an after-hours answering machine.

All determinations that services are not Medically Necessary will be made by: 1) licensed Physicians; or 2) by licensed, certified, registered or credentialed Health Care Professionals who are in the same profession and same or similar specialty as the Health Care Provider who typically manages Your medical condition or disease or provides the health care service under review. We do not compensate or provide financial incentives to Our employees or reviewers for determining that services are not Medically Necessary. We have developed guidelines and protocols to assist Us in this process. Specific guidelines and protocols are available for Your review upon request. For more information, call 1-888-618-2016 visit Our website at www.guardiananytime.com.

All Options

E. Retrospective Review of Preauthorized Services

We may only reverse a preauthorized treatment, service or procedure on retrospective review when:

- The relevant medical information presented to Us upon retrospective review is materially different from the information presented during the Preauthorization review;
- The relevant medical information presented to Us upon retrospective review existed at the time of the Preauthorization but was withheld or not made available to Us;
- We were not aware of the existence of such information at the time of the Preauthorization review; and
- Had We been aware of such information, the treatment, service or procedure being requested would not have been authorized. The determination is made using the same specific standards, criteria or procedures as used during the Preauthorization review.

F. Reconsideration

If We did not attempt to consult with Your Provider before making an adverse determination, Your Provider may request reconsideration by the same clinical peer reviewer who made the adverse determination. For Preauthorization and concurrent reviews, the reconsideration will take place within one (1) business day of the request for reconsideration. If the adverse determination is upheld, a notice of adverse determination will be given to You and Your Provider, by telephone and in writing.

G. Utilization Review Internal Appeals

You, Your designee, and, in retrospective review cases, Your Provider, may request an internal Appeal of an adverse determination, either by phone, or in writing.

You have up to 180 calendar days after You receive notice of the adverse determination to file an Appeal. We will acknowledge Your request for an internal Appeal within 15 calendar days of receipt. This acknowledgment will include the name, address, and phone number of the person handling Your Appeal and, if necessary, inform You of any additional information needed before a decision can be made. A clinical peer reviewer who is a Physician or a Health Care Professional in the same or similar specialty as the Provider who typically manages the disease or condition at issue and who is not subordinate to the clinical peer reviewer who made the initial adverse determination will perform the Appeal

H. Standard Appeal

Preauthorization Appeal. If Your Appeal relates to a Preauthorization request, We will decide the Appeal within 30 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee), and where appropriate, Your Provider, within two (2) business days after the determination is made, but no later than 30 calendar days after receipt of the Appeal request

Retrospective Appeal. If Your Appeal relates to a retrospective claim, We will decide the Appeal within 60 calendar days of receipt of the Appeal request. Written notice of the determination will be provided to You (or Your designee) and where appropriate Your Provider within two (2) business days after the determination is made, but no later than 60 calendar days after receipt of the Appeal request.

Expedited Appeal. An Appeal of review of continued or extended health care services, additional services rendered in the course of continued treatment, home health care services following discharge from an inpatient Hospital admission, services in which a Provider requests an immediate review, or any other urgent matter will be handled on an expedited basis. An expedited Appeal is not available for retrospective reviews. For an expedited Appeal, Your Provider will have reasonable access to the clinical peer reviewer assigned to the Appeal within one (1) business day of receipt of the request for an Appeal. Your Provider and a clinical peer reviewer may exchange information by telephone or fax. An expedited Appeal will be determined within the earlier of 72 hours of receipt of the Appeal or two (2) business days of receipt of the information necessary to conduct the Appeal.

If You are not satisfied with the resolution of Your expedited Appeal, You may file a standard internal appeal or an external appeal.

Our failure to render a determination of Your Appeal within 60 calendar days of receipt of the necessary information for a standard Appeal or within two (2) business days of receipt of the necessary information for an expedited Appeal will be deemed a reversal of the initial adverse determination.

External Appeal

A. Your Right to an External Appeal.

In some cases, You have a right to an external appeal of a denial of coverage. If We have denied coverage on the basis that a service does not meet Our requirements for Medical Necessity (including appropriateness, health care setting, level of care or effectiveness of a Covered benefit); or is an experimental or investigational treatment (including clinical trials and treatments for rare diseases), You or Your representative may appeal that decision to an External Appeal Agent, an independent third party certified by the State to conduct these appeals.

In order for You to be eligible for an external appeal You must meet the following two requirements:

- The service, procedure, or treatment must otherwise be a Covered Service under the Certificate; and
- In general, You must have received a final adverse determination through Our internal Appeal process. But, You can file an external appeal even though You have not received a final adverse determination through the first level of Our internal Appeal process if:
 - We agree in writing to waive the internal Appeal. We are not required to agree to Your request to waive the internal Appeal; or
 - You file an external appeal at the same time as You apply for an expedited internal Appeal; or
 - We fail to adhere to Utilization Review claim processing Requirements (other than a minor violation that is not likely to cause prejudice or harm to You, and We demonstrate that the violation was for good cause or due to matters beyond Our control and the violation occurred during an ongoing, good faith exchange of information between You and Us).

B. Your Right To Appeal A Determination That A Service is Not Medically Necessary

If We have denied coverage on the basis that the service does not meet Our requirements for Medical Necessity, You may appeal to an External Appeal Agent if You meet the requirements for an external appeal in paragraph "A" above.

C. Your Right to Appeal A Determination that A Service is Experimental or Investigational

If We have denied coverage on the basis that the service is an experimental or investigational treatment, (including clinical trials and treatments for rare diseases). You must satisfy the two requirements for an external appeal in paragraph "A" above and Your attending Physician must certify that Your condition or disease is one for which:

1. Standard health services are ineffective or medically inappropriate; **or**
2. There does not exist a more beneficial standard service or procedure covered by Us; **or**
3. There exists a clinical trial or rare disease treatment (as defined by law).

In addition, Your attending Physician must have recommended one of the following:

1. A service, procedure or treatment that two (2) documents from available medical and scientific evidence indicate is likely to be more beneficial to You than any standard Covered Service (only certain documents will be considered in support of this recommendation - Your attending Physician should contact the State for current information as to what documents will be considered or acceptable); or
2. A clinical trial for which You are eligible (only certain clinical trials can be considered); or
3. A rare disease treatment for which Your attending Physician certifies that there is no standard treatment that is likely to be more clinically beneficial to You than the requested service, the requested service is likely to benefit You in the treatment of Your rare disease, and such benefit outweighs the risk of the service. In addition, Your attending Physician must certify that Your condition is a rare disease that is currently or was previously subject to a research study by the National Institutes of Health Rare Disease Clinical Research Network **or** that it affects fewer than 200,000 U.S. residents per year.

For purposes of this section, Your attending Physician must be a licensed, board-certified or board eligible Physician qualified to practice in the area appropriate to treat Your condition or disease. In addition, for a rare disease treatment, the attending Physician may not be Your treating Physician.

D. The External Appeal Process.

You have four (4) months from receipt of a final adverse determination or from receipt of a waiver of the internal Appeal process to file a written request for an external appeal. If You are filing an external appeal based on Our failure to adhere to claim processing requirements, You have four (4) months from such failure to file a written request for an external appeal.

We will provide an external appeal application with the final adverse determination issued through Our internal Appeal process or Our written waiver of an internal Appeal. You may also request an external appeal application from the New York State Department of Financial Services at 1-800-400-8882. Submit the completed application to the Department of Financial Services at the address indicated on the application. If You meet the criteria for an external appeal, the State will forward the request to a certified External Appeal Agent.

You can submit additional documentation with Your external appeal request. If the External Appeal Agent determines that the information You submit represents a material change from the information on which We based Our denial, the External Appeal Agent will share this information with Us in order for Us to exercise Our right to reconsider Our decision. If We choose to exercise this right, We will have three (3) business days to amend or confirm Our decision. Please note that in the case of an expedited external appeal (described below), We do not have a right to reconsider Our decision.

In general, the External Appeal Agent must make a decision within 30 days of receipt of Your completed application. The External Appeal Agent may request additional information from You, Your Physician, or Us. If the External Appeal Agent requests additional information, it will have five (5) additional business days to make its decision. The External Appeal Agent must notify You in writing of its decision within two (2) business days.

If Your attending Physician certifies that a delay in providing the service that has been denied poses an imminent or serious threat to Your health; or if Your attending Physician certifies that the standard external appeal time frame would seriously jeopardize Your life, health or ability to regain maximum function; or if You received emergency services and have not been discharged from a Facility and the denial concerns an admission, availability of care, or continued stay, You may request an expedited external appeal. In that case, the External Appeal Agent must make a decision within seventy-two (72) hours of receipt of Your completed application. Immediately after reaching a decision, the External Appeal Agent must notify You and Us by telephone or facsimile of that decision. The External Appeal Agent must also notify You in writing of its decision.

If the External Appeal Agent overturns Our decision that a service is not Medically Necessary or approves coverage of an experimental or investigational treatment, We will provide coverage subject to the other terms and conditions of this Certificate. Please note that if the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial, We will only Cover the cost of services required to provide treatment to You according to the design of the trial. We will not be responsible for the costs of investigational drugs or devices, the costs of non-health care services, the costs of managing the research, or costs that would not be Covered under this Certificate for non-investigational treatments provided in the clinical trial.

The External Appeal Agents decision is binding on both You and Us. The External Appeal Agents decision is admissible in any court proceeding.

We will charge You a fee of up to \$25 for each external appeal, not to exceed \$75 in a single Plan Year. The external appeal application will explain how to submit the fee. We will waive the fee if We determine that paying the fee would be a hardship to You. If the External Appeal Agent overturns the denial of coverage, the fee will be refunded to You.

E. Your Responsibilities

It is Your RESPONSIBILITY to start the external appeal process. You may start the external appeal process by filing a completed application with the New York State Department of Financial Services. You may appoint a representative to assist You with Your application; however, the Department of Financial Services may contact You and request that You confirm in writing that You have appointed the representative.

Under New York State law, Your completed request for external appeal must be filed within four (4) months of either the date upon which You receive a final adverse determination, or the date upon which You receive a written waiver of any internal Appeal, or Our failure to adhere to claim processing requirements. We have no authority to extend this deadline.

Covered Charges

Covered charges are the lesser of: (a) the provider's actual charges; and (b) the reasonable and customary charges for the dental services named in this plan's List of Covered Dental Services. To be covered by this Plan, a service must be: (a) necessary; (b) appropriate for a given condition; and (c) included in the List of Covered Dental Services.

By reasonable, we mean the charge is the Dentist's usual charge for the service furnished. By customary, we mean the charge made for the given dental condition isn't more than the usual charge made by most other Dentists. But, in no event will the covered charge be greater than the 90th percentile of the prevailing fee data for a particular service in a geographic area.

We may use the professional review of a Dentist to determine the appropriate benefit for a dental procedure or course of treatment.

Covered Charges (Cont.)

When certain comprehensive dental procedures are performed, other less extensive procedures may be performed prior to, at the same time or at a later date. For benefit purposes under this Plan, these less extensive procedures are considered to be part of the more comprehensive procedure. Even if the Dentist submits separate bills, the total benefit payable for all related charges will be limited to the maximum benefit payable for the more comprehensive procedure. For example, osseous surgery includes the procedure scaling and root planing. If the scaling and root planing is performed one or two weeks prior to the osseous surgery, we may only pay benefits for the osseous surgery.

We only pay benefits for covered charges incurred by a Covered Person while he or she is insured by this Plan. A covered charge for a crown, bridge or cast restoration is incurred on the date the tooth is initially prepared. A covered charge for any other Dental Prosthesis is incurred on the date the first master impression is made. A covered charge for root canal treatment is incurred on the date the pulp chamber is opened. All other covered charges are incurred on the date the services are furnished. If a service is started while a Covered Person is insured, We'll only pay benefits for services which are completed within 31 days of the date his or her coverage under this Plan ends.

B034.2658

All Options

Alternate Treatment

If more than one type of service can be used to treat a dental condition, We have the right to base benefits on the least expensive service which is within the range of professionally accepted standards of dental practice as determined by Us. For example, in the case of bilateral multiple adjacent teeth, or multiple missing teeth in both quadrants of an arch, the benefit will be based on a removable partial denture. The denial of the requested service is treated as an adverse determination, and is subject to internal and external appeal rights contained in the Grievance Procedures and External Appeal Sections.

Proof of Claim

The Covered Person or his or her Dentist must provide Us with proof that is acceptable to Us. This proof may, at Our discretion, consist of radiographs, study models, periodontal charting, narratives or other diagnostic materials that document Proof Of Claim and support the necessity of the proposed treatment. If We do not receive the necessary proof, We may pay no benefits, or minimum benefits. But, if We receive the necessary proof within 15 months of the date of service, We will redetermine the Covered Person's benefits based on the new proof.

B034.2672

Pre-Treatment Review

When the expected cost of a proposed course of treatment is \$300.00 or more, the Covered Person's Dentist should send Us a treatment plan before he or she starts. This must be done on a form acceptable to Us. The treatment plan must include: (1) a list of the services to be done, using the American Dental Association Nomenclature and codes; (2) the itemized cost of each service; and (3) the estimated length of treatment. In order to evaluate the treatment plan, dental radiographs, study models and whatever else will document the necessity of the proposed course of treatment, must be sent to Us.

We review the treatment plan and estimate what We will pay. We will send the estimate to the Covered Person and his or her Dentist. If the treatment plan is not consistent with accepted standards of dental practice, or if one is not sent to Us, We have the right to base Our benefit payments on treatment appropriate to the Covered Person's condition using accepted standards of dental practice.

The Covered Person and his or her Dentist have the opportunity to have services or a treatment plan reviewed before treatment begins. Pre-treatment review is not a guarantee of what We will pay. It tells the Covered Person, and his or her Dentist, in advance, what We would pay for the covered dental services listed in the treatment plan. But, payment is conditioned on: (1) the services being performed as proposed and while the person is covered; and (2) the benefit provisions, and all of the other terms of this Plan.

Emergency Treatment, oral exams, evaluations, dental radiographs and teeth cleaning are part of a course of treatment, but may be done before the pre-treatment review is made.

We will not deny or reduce benefits if pre-treatment review is not done. But, what We pay will be based on the availability and submission of Proof Of Claim.

B034.2673

Benefits From Other Sources

Other plans may furnish benefits similar to the benefits provided by this Plan. For instance, You may be covered by this Plan and a similar plan through Your spouse's employer. You may also be covered by this Plan and a medical plan. In such instances, We coordinate Our benefits with the benefits from that other plan. We do this so that no one gets more in benefits than the charges he or she incurs. Read Coordination Of Benefits to see how this works.

B034.2674

Penalty For Late Entrants

During the first 6 months that a Late Entrant is covered by this Plan, We will not cover charges for the following services:

- Group II services.

During the first 12 months that a Late Entrant is covered by this Plan, We will not cover charges for the following services:

- Group III services.

Charges We do not cover as shown above are not covered charges under this Plan, and cannot be used to meet this Plan's deductibles.

We do not apply a Late Entrant penalty to covered charges incurred for services needed solely due to an Injury suffered by a person while covered by this Plan.

What We pay for is subject to the Benefit Year Payment Limit shown in the Schedule of Benefits and to all of the terms of this Plan.

After This Coverage Ends We do not pay for charges incurred after a person's coverage ends. But, subject to all of the other terms of this Plan, We will pay for the completion of a dental procedure that was started before the Covered Person's coverage ended, if the procedure is finished in the 30 days after a person's coverage under this Plan ends.

COORDINATION OF BENEFITS

This section applies when You also have group dental coverage with another plan. When You receive a Covered Service, We will coordinate benefit payments with any payment made by another plan. The primary plan will pay its full benefits and the other plan may pay secondary benefits, if necessary, to cover some or all of the remaining expenses. This coordination prevents duplicate payments and overpayments.

A. Definitions.

1. **"Allowable expense"** is the necessary, reasonable, and customary item of expense for dental care, when the item is covered at least in part under any of the plans involved, except where a statute requires a different definition. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.
2. **"Plan"** is other group dental coverage with which We will coordinate benefits. The term "plan" includes:
 - Group dental benefits and group blanket or group remittance dental benefits coverage, whether insured, self-insured, or self-funded. This includes group HMO and other prepaid group coverage, but does not include blanket school accident coverage or coverages issued to a substantially similar group (e.g., Girl Scouts, Boy Scouts) where the school or organization pays the premiums.
 - Dental benefits coverage, in group and individual automobile "no-fault" and traditional liability "fault" type contracts.
 - Dental benefits coverage of Medicare or a governmental plan offered, required, or provided by law, except Medicaid or any other plan whose benefits are by law excess to any private benefits coverage.
3. **"Primary plan"** is one whose benefits must be determined without taking the existence of any other plan into consideration. A plan is primary if either: 1) the plan has no order of benefits rules or its rules differ from those required by regulation; or 2) all plans which cover the person use the order of benefits rules required by regulation and under those rules the plan determines its benefits first. More than one plan may be a primary plan (for example, two plans which have no order of benefit determination rules).
4. **"Secondary plan"** is one which is not a primary plan. If a person is covered by more than one secondary plan, the order of benefit determination rules decide the order in which their benefits are determined in relation to each other.

B. Rules to Determine Order of Payment.

The first of the rules listed below in paragraphs 1-6 that applies will determine which plan will be primary:

1. If the other plan does not have a provision similar to this one, then the other plan will be primary.

2. If the person receiving benefits is the Subscriber and is only covered as a Dependent under the other plan, this Certificate will be primary.
3. If a child is covered under the plans of both parents and the parents are not separated or divorced, the plan of the parent whose birthday falls earlier in the year shall be primary. If both parents have the same birthday, the plan which covered the parent longer will be primary. To determine whose birthday falls earlier in the year, only the month and day are considered. However, if the other plan does not have this birthday rule, but instead has a rule based on the sex of the parent and as a result the plans do not agree on which is primary, then the rule in the other plan will determine which plan is primary.
4. If a child is covered by both parents' plans, the parents are separated or divorced, and there is no court decree between the parents that establishes financial responsibility for the child's dental care expenses:
 - The plan of the parent who has custody will be primary;
 - If the parent with custody has remarried, and the child is also covered as a child under the step-parent's plan, the plan of the parent with custody will pay first, the step-parent's plan will pay second, and the plan of the parent without custody will pay third.
 - If a court decree between the parents says which parent is responsible for the child's dental care expenses, then that parent's plan will be primary if that plan has actual knowledge of the decree.
5. If the person receiving services is covered under one plan as an active employee or member (i.e., not laid-off or retired), or as the spouse or child of such an active employee, and is also covered under another plan as a laid-off or retired employee or as the spouse or child of such a laid-off or retired employee, the plan that covers such person as an active employee or spouse or child of an active employee will be primary. If the other plan does not have this rule, and as a result the plans do not agree on which will be primary, this rule will be ignored.
6. If none of the above rules determine which plan is primary, the plan that covered the person receiving services longer will be primary.

B034.2738

All Options

C. Effects of Coordination.

When this plan is secondary, its benefits will be reduced so that the total benefits paid by the primary plan and this plan during a claim determination period will not exceed Our maximum available benefit for each Covered Service. Also, the amount We pay will not be more than the amount We would pay if We were primary. As each claim is submitted, We will determine Our obligation to pay for allowable expenses based upon all claims that have been submitted up to that point in time during the claim determination period.

D. Right to Receive and Release Necessary Information.

We may release or receive information that We need to coordinate benefits. We do not need to tell anyone or receive consent to do this. We are not responsible to anyone for releasing or obtaining this information. You must give Us any needed information for coordination purposes, in the time frame requested.

E. Our Right to Recover Overpayment.

If We made a payment as a primary plan, You agree to pay Us any amount by which We should have reduced Our payment. Also, We may recover any overpayment from the primary plan or the Provider receiving payment and You agree to sign all documents necessary to help Us recover any overpayment.

F. Coordination with "Always Excess," "Always Secondary," or "Non-Complying" Plans.

We will coordinate benefits with plans, whether insured or self-insured, that provide benefits that are stated to be always excess or always secondary or use order of benefit determination rules that are inconsistent with the rules described above in the following manner:

1. If this Certificate is primary, as defined in this section, We will pay benefits first.
2. If this Certificate is secondary, as defined in this section, We will pay only the amount We would pay as the secondary insurer;
3. If We request information from a non-complying plan and do not receive it within 30 days, We will calculate the amount We should pay on the assumption that the non-complying plan and this Certificate provide identical benefits. When the information is received, We will make any necessary adjustments.

B034.2739

CONTINUATION RIGHTS

Coordination Between Continuation Sections

A Covered Person may be eligible to continue his or her group dental coverage under more than one Continuation Rights section at the same time. If he or she chooses to continue his or her group dental coverage under more than one section, the continuations: (1) start at the same time; (2) run concurrently; and (3) end independently, on their own terms.

A Covered Person continuing coverage under more than one continuation section: (1) will not be entitled to duplicate benefits; and (2) will not be subject to the premium requirements of more than one section at the same time.

Uniformed Services Continuation Rights

If You enter or return from military service, You may be able to continue coverage under this Plan as a result of the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA).

If Your group dental coverage under this Plan would otherwise end because You enter into active military service, You may elect to continue such coverage for Yourself and Your eligible dependents in accordance with the provisions of USERRA.

Group dental coverage may be continued while You are in the military for up to 24 months starting on the date of absence from work. Continued coverage will end if You fail to return to work in a timely manner after military service ends as provided under USERRA. You should contact Your Employer for details about this continuation provision, including required premium payments.

COBRA Continuation Rights

Employee and Dependent

Important Notice: The Federal Continuation Rights section may not apply to Your Employer's plan. You must contact Your Employer to find out if Your Employer is subject to the Federal continuation rights requirement. If Your Employer is subject to that requirement, the Federal Continuation Rights section applies to You.

Continuation Rights (Con't)

Qualified Continuee: Under this section, the term "qualified continuee" means any person who, on the day before any event which would qualify him or her for continuation under this section, is covered for group dental coverage as: (1) an active Employee; (2) the spouse of an active Employee; or (3) the dependent child of an active Employee. A child born to, or adopted by, an active Employee during a continuation provided by this section is also a qualified continuee. Any other person who would otherwise become eligible for group dental coverage during a continuation provided by this section is not a qualified continuee.

If An Employee's Group Dental Coverage Ends: If Your group dental coverage would otherwise end due to Your termination of employment or reduction of work hours, You may elect to continue such coverage for up to 18 months, if You were not terminated due to gross misconduct.

The continuation: (1) may cover You or any other qualified continuee; and (2) is subject to When Continuation Ends.

Extra Continuation For Disabled Qualified Continuees: If a qualified continuee is determined to be disabled under Title II or Title XVI of the Social Security Act on or during the first 60 days after the date his or her group dental coverage would otherwise end due to Your termination of employment or reduction of work hours, and such disability lasts at least until the end of the 18 month period of continuation coverage, he or she or any member of that person's family who is a qualified continuee may elect to extend his or her 18 month continuation period explained above for up to an extra 11 months.

To elect the extra 11 months of continuation, a qualified continuee must give Your Employer written proof of Social Security's determination of his or her disability as described in The Qualified Continuee's Responsibilities. If, during the extra 11 month continuation period, the qualified continuee is determined to be no longer disabled under the Social Security Act, he or she must notify Your Employer within 30 days of such determination and continuation will end, as explained in When Continuation Ends.

This extra 11 month continuation is subject to When Continuation Ends.

An additional 50% of the total premium charge also may be required from the qualified continuee and all qualified continuees who are members of the disabled qualified continuee's family by Your Employer during this extra 11 month continuation period, provided the disabled qualified continuee has extended coverage.

B034.2733

All Options

- If You Die While Covered:** If You die while covered, any qualified continuee whose group dental coverage would otherwise end may elect to continue such coverage. The continuation can last for up to 36 months, subject to When Continuation Ends.
- If Your Marriage Ends:** If Your marriage ends due to legal divorce or legal separation, any qualified continuee whose group dental coverage would otherwise end may elect to continue such coverage. The continuation can last for up to 36 months, subject to When Continuation Ends.
- If A Dependent Child Loses Eligibility:** If a dependent child's group dental coverage would otherwise end due to his or her loss of dependent eligibility as defined in this Plan, other than Your coverage ending, he or she may elect to continue such coverage. However, such dependent child must be a qualified continuee. The continuation can last for up to 36 months, subject to When Continuation Ends.
- Concurrent Continuations:** If a dependent elects to continue his or her group dental coverage due to Your termination of employment or reduction of work hours, he or she may elect to extend his or her 18 month or 29 month continuation period to up to 36 months, if during the 18 month or 29 month continuation period he or she becomes eligible for 36 months of continuation due to any of the reasons stated above.
- The 36 month continuation period starts on the date the 18 month continuation period started, and the two continuation periods will be deemed to have run concurrently.
- Special Medicare Rule:** If You become entitled to Medicare before a termination of employment or reduction of work hours, a special rule applies for a dependent. The continuation period for a dependent, after Your later termination of employment or reduction of work hours, will be the longer of: (1) 18 months (29 months if there is a disability extension) from Your termination of employment or reduction of work hours; or (2) 36 months from the date of Your earlier entitlement to Medicare. If Medicare entitlement occurs more than 18 months before termination of employment or reduction of work hours, this special Medicare rule does not apply.

Continuation Rights (Con't)

The Qualified Continuee's Responsibilities: A person eligible for continuation under this section must notify Your Employer, in writing, of: (1) Your legal divorce or separation from Your spouse; (2) the loss of dependent eligibility, as defined in this Plan, of a covered dependent child; (3) a second event that would qualify a person for continuation coverage after a qualified continuee has become entitled to continuation with a maximum of 18 or 29 months; (4) a determination by the Social Security Administration that a qualified continuee entitled to receive continuation with a maximum of 18 months has become disabled during the first 60 days of such continuation; and (5) a determination by the Social Security Administration that a qualified continuee is no longer disabled.

Notice of an event that would qualify a person for continuation under this section must be given to Your Employer by a qualified continuee within 60 days of the latest of: (1) the date on which an event that would qualify a person for continuation under this section occurs; (2) the date on which the qualified continuee loses (or would lose) coverage under this Plan as a result of the event; or (3) the date the qualified continuee is informed of the responsibility to provide notice to Your Employer and this Plan's procedures for providing such notice.

Notice of a disability determination must be given to Your Employer by a qualified continuee within 60 days of the latest of: (1) the date of the Social Security Administration determination; (2) the date of the event that would qualify a person for continuation; (3) the date the qualified continuee loses or would lose coverage; or (4) the date the qualified continuee is informed of the responsibility to provide notice to Your Employer and this Plan's procedures for providing such notice. But, such notice must be given before the end of the first 18 months of continuation coverage.

B034.2734

All Options

Your Employer's Responsibilities: A qualified continuee must be notified, in writing, of: (1) his or her right to continue this Plan's group dental coverage; (2) the premium he or she must pay to continue such coverage; and (3) the times and manner in which such payments must be made.

Your Employer must give notice of the following qualifying events to the Plan administrator within 30 days of the event: (1) Your death; or (2) termination of employment (other than for gross misconduct) or reduction in hours of employment; or (3) Medicare entitlement. Upon receipt of notice of a qualifying event from Your Employer or from a qualified continuee, the Plan administrator must notify a qualified continuee of the right to continue this Plan's group dental coverage no later than 14 days after receipt of notice.

If Your Employer is also the Plan administrator, in the case of a qualifying event for which the Employer must give notice to the Plan administrator, Your Employer must provide notice to a qualified continuee of the right to continue this Plan's group dental coverage within 44 days of the qualifying event.

If Your Employer determines that a person is not eligible for continued group dental coverage under this Plan, the Employer must notify him or her with an explanation of why such coverage is not available. This notice must be provided within the time frame described above.

Continuation Rights (Con't)

If a qualified continuee's continued group dental coverage under this Plan is cancelled prior to the maximum continuation period, Your Employer must notify the qualified continuee as soon as practical following determination that the continued group dental coverage shall terminate.

Your Employer's Liability: Your Employer will be liable for the qualified continuee's continued group dental coverage to the same extent as, and in place of, us, if Your Employer fails: (1) to remit a qualified continuee's premium payment to us on time, causing the qualified continuee's continued group dental coverage to end; or (2) to notify the qualified continuee of his or her continuation rights as described above.

Election Of Continuation: To continue his or her group dental coverage, the qualified continuee must give Your Employer written notice that he or she elects to continue. This must be done by the later of: (1) 60 days from the date a qualified continuee receives notice of his or her continuation rights from Your Employer as described above; or (2) the date group dental coverage would otherwise end. And the qualified continuee must pay his or her first premium in a timely manner.

The subsequent premiums must be paid to Your Employer, by the qualified continuee, in advance, at the times and in the manner specified by Your Employer. No further notice of when premiums are due will be given.

The premium will be the total rate which would have been charged for the group dental coverage had the qualified continuee stayed covered under the group plan on a regular basis. It includes any amount that would have been paid by Your Employer. Except as explained in Extra Continuation For Disabled Qualified Continuees, an additional charge of two percent of the total premium charge may also be required by Your Employer.

If the qualified continuee fails to give Your Employer notice of his or her intent to continue, or fails to pay any required premium in a timely manner, he or she waives his or her continuation rights.

Grace In Payment Of Premium: A qualified continuee's premium payment is timely if, with respect to the first payment after he or she elects to continue, such payment is made no later than 45 days after such election. In all other cases, such premium payment is timely if it is made within 31 days of the specified due date. If timely payment is made in an amount that is not significantly less than the amount Your Employer requires to be paid for the period of coverage, then the amount paid is deemed to satisfy the requirement for the premium that must be paid, unless Your Employer notifies the qualified continuee of the amount of the deficiency and grants an additional 30 days for payment of the deficiency to be made. Payment is calculated to be made on the date on which it is sent to Your Employer.

When Continuation Ends: A qualified continuee's continued group dental coverage ends on the first of the following:

- With respect to continuation upon Your termination of employment or reduction of work hours, the end of the 18 month period which starts on the date the group dental coverage would otherwise end;

Your Right To Continue Dental Expense Coverage During A Family Leave Of Absence

Important Notice: This section may not apply to Your Employer's plan. You must contact Your Employer to find out if he or she must allow for a family leave of absence under federal law. If he or she must allow for such leave, this section applies.

If Your Coverage Would End: Your dental expense coverage would normally end because You cease work due to an approved leave of absence. But, You may continue Your coverage if the leave has been granted to: (1) allow You to care for a seriously injured or ill spouse, child or parent; (2) after the birth or adoption of a child; (3) due to Your own serious health condition; or (4) because of a serious injury or illness arising out of the fact that Your spouse, child, parent or next of kin who is a covered service member is on active duty, or has been notified of an impending call or order to active duty, in the Armed Forces in support of a contingency operation. To continue Your coverage, You will be required to pay the same share of the premium as You paid before the leave of absence.

When Continuation Ends: Continued coverage will end on the earliest of the following:

- The date You return to active work.

- The end of a total leave period of 26 weeks in one 12 month period, if You care for a covered servicemember. This 26 week total leave period applies to all leaves granted to You under this section for all reasons.
- The end of a total leave period of 12 weeks in: (1) any later 12 month period, if You care for a covered servicemember; or (2) any 12 month period in any other case.
- The date on which Your coverage would have ended had You not been on leave.
- The end of the period for which premium has been paid.

If a surviving dependent elects to continue his or her dependent benefits under another continuation provision, if any, this free continuation period will be provided as the first six months of such continuation. Premiums required to be paid by, or on behalf of, a surviving dependent will be waived for the first six months of continuation, subject to the conditions shown in items (1), (2), and (3) above. CERTIFICATE RIDER - ROLLOVER OF BENEFIT YEAR PAYMENT LIMIT

Effective on the latter of (i) the original effective date of the Policy; or (ii) the effective date of the any applicable amendment requested by the Policyholder and approved by the Insurance Company, this rider amends this Plan by the addition of the following:

B034.3238

Rollover of Benefit Year Payment Limit

A Covered Person may be eligible for a rollover of a portion of his or her unused Benefit Year payment limit as follows:

If a Covered Person submits at least one claim for covered charges during a Benefit Year and, in that Benefit Year, receives benefits that are in excess of any deductible, and that, in total, do not exceed the Rollover Threshold, he or she will be entitled to a Rollover, subject to all of the conditions described below.

Note: If all of the benefits that a Covered Person receives in a Benefit Year are for services provided by a Preferred Provider, he or she will be entitled to a greater Rollover than if any of the benefits are for services of a Non-Preferred Provider.

Rollovers can accrue and are stored in the Covered Person's Rollover Account. If a Covered Person reaches his or her Benefit Year Payment Limit for Group I, Group II and Group III Services, we pay benefits up to the amount stored in the Covered Person's Rollover Account. The amount stored in the Rollover Account cannot be greater than the Rollover Account Maximum.

A Covered Person's Rollover Account will be eliminated, and the accrued Rollover lost, if he or she has a break in coverage of any length of time, for any reason.

The amounts of this Plan's Rollover Threshold, Rollover, and Rollover Account Maximum are:

Rollover Threshold	\$500.00
Rollover (if all benefits are for services provided by a Preferred Provider)	\$350.00
Rollover (if any benefits are for services provided by a Non-Preferred Provider)	\$250.00
Rollover Account Maximum	\$1,000.00

If this Plan's dental coverage first becomes effective in October, November or December, this rollover provision will not apply until January 1 of the first full Benefit Year. And, if the effective date of a Covered Person's dental coverage is in October, November or December, this rollover provision will not apply to the Covered Person until January 1 of the next Benefit Year. In either case: (1) only claims incurred on or after January 1 of the next Benefit Year will count toward the Rollover Threshold; and (2) Rollovers will not be applied to a Covered Person's Account until the Benefit Year that starts one year from the date the rollover provision first applies.

If charges incurred by a Covered Person for any dental services are not covered due to the application of any of this Plan's waiting periods or penalties for Late Entrants, this rollover provision will not apply with respect to the Covered Person until the end of such period.

If such waiting period or Late Entrant penalty ends within the three months prior to the start of this Plan's next Benefit Year, this rollover provision will not apply to the Covered Person until the next Benefit Year. In that case: (1) only claims incurred on or after the start of the next Benefit Year will count toward the Rollover Threshold; and (2) Rollovers will not be applied to a Covered Person's Rollover Account until the Benefit Year that starts one year from the date the rollover provision first applies.

Definitions: As used in this rider, the terms listed below have the meanings shown below.

- **Rollover:** This term means the dollar amount which will be added to a Covered Person's Rollover Account when he or she receives benefits in a Benefit Year that do not exceed the Rollover Threshold.
- **Rollover Account:** This term means the amount of a Covered Person's accrued Rollover.
- **Rollover Account Maximum:** This term means the maximum amount of Rollover that a Covered Person can store in his or her Rollover Account.
- **Rollover Threshold:** This term means the maximum amount of benefits that a Covered Person can receive during a Benefit Year and still be entitled to receive a Rollover.

The following notice applies if your plan is governed by the Employee Retirement Income Security Act of 1974 and its amendments. This notice is not part of the Guardian plan of insurance or any employer funded benefits, not insured by Guardian.

STATEMENT OF ERISA RIGHTS

As a participant, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Continue Group Health Plan Coverage

Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. You should review this summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement Of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Statement of Erisa Rights (Cont.)

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Qualified Medical Child Support Order

Federal law requires that group health plans provide medical care coverage of a dependent child pursuant to a qualified medical child support order (QMCSO). A "qualified medical child support order" is a judgment or decree issued by a state court that requires a group medical plan to provide coverage to the named dependent child(ren) of an employee pursuant to a state domestic relations order. For the order to be qualified it must include:

- The name of the group health plan to which it applies.
- The name and last known address of the employee and the child(ren).
- A reasonable description of the type of coverage or benefits to be provided by the plan to the child(ren).
- The time period to which the order applies.

A dependent enrolled due to a QMCSO will not be considered a late enrollee in the plan.

Note: A QMCSO cannot require a group health plan to provide any type or form of benefit or option not otherwise available under the plan except to the extent necessary to meet medical child support laws described in Section 90 of the Social Security Act.

If you have questions about this statement, see the plan administrator.

Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Administrator with respect to processing claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

The Plan Administrator has discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims.

In addition to the basic claim procedure explained in your benefit booklet, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA")

Definitions "Adverse Benefit Determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit. A failure to cover an item or service: (a) due to the application of any utilization review; or (b) because the item or service is determined to be experimental or investigational, or not medically necessary or appropriate, is also considered an adverse determination.

"Group Health Benefits" means any dental or vision care coverages which are a part of this plan.

"Pre-service claim" means a claim for a medical care benefit with respect to which the plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of receipt of care.

"Post-service claim" means a claim for payment for medical care that already has been provided.

"Urgent care claim" means a claim for medical care or treatment where making a non-urgent care decision: (a) could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function, as determined by an individual acting on behalf of the plan applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine; or (b) in the opinion of a physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care.

Note: Any claim that a physician with knowledge of the claimant's medical condition determines is a claim involving urgent care will be treated as an urgent care claim for purposes of this section.

Timing For Initial Benefit Determination The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Group Health Benefits Claims Procedure (Cont.)

Urgent Care Claims. Guardian will make a benefit determination within 72 hours after receipt of an urgent care claim.

If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 24 hours after receipt of the claim. The claimant will be given not less than 48 hours to provide the specified information.

Guardian will notify the claimant of the benefit determination as soon as possible but not later than the earlier of:

- the date the requested information is received; or
- the end of the period given to the claimant to provide the specified additional information.

The required notice may be provided to the claimant orally within the required time frame provided that a written or electronic notification is furnished to the claimant not later than 3 days after the oral notification.

Pre-Service Claims. Guardian will provide a benefit determination not later than 15 days after receipt of a pre-service claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 5 days after receipt of the claim. A notification of a failure to follow proper procedures for pre-service claims may be oral, unless a written notification is requested by the claimant.

The time period for providing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 15-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Post-Service Claims. Guardian will provide a benefit determination not later than 30 days after receipt of a post-service claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Group Health Benefits Claims Procedure (Cont.)

Concurrent Care Decisions. A reduction or termination of an approved ongoing course of treatment (other than by plan amendment or termination) will be regarded as an adverse benefit determination. This is true whether the treatment is to be provided(a) over a period of time; (b) for a certain number of treatments; or (c) without a finite end date. Guardian will notify a claimant at a time sufficiently in advance of the reduction or termination to allow the claimant to appeal.

In the case of a request by a claimant to extend an ongoing course of treatment involving urgent care, Guardian will make a benefit determination as soon as possible but no later than 24 hours after receipt of the claim.

Adverse Benefit Determination

If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse determination;
- reference to the specific plan provision(s) on which the determination is based;
- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request;
- in the case of an adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request; and
- in the case of an urgent care adverse determination, a description of the expedited review process.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

A request for an appeal of an adverse benefit determination involving an urgent care claim may be submitted orally or in writing. Necessary information and communication regarding an urgent care claim may be sent to Guardian by telephone, facsimile or similar expeditious manner.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;

Group Health Benefits Claims Procedure (Cont.)

- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and
- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

Urgent Care Claims. Guardian will notify the claimant of its decision as soon as possible but not later than 72 hours after receipt of the request for review of the adverse benefit determination.

Pre-Service Claims. Guardian will notify the claimant of its decision not later than 30 days after receipt of the request for review of the adverse benefit determination.

Post-Service Claims. Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse benefit determination.

Alternative Dispute Options The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

Vision Service Plan - This Plan's Vision Care Preferred Provider Organization

This Plan is designed to provide high quality vision care while controlling the cost of such care. To do this, the Plan encourages a Covered Person to seek vision care from vision care practitioners and vision care facilities that belong to Vision Service Plan (VSP), a vision care Preferred Provider organization (PPO).

This vision care PPO is made up of Preferred Providers in a Covered Person's geographic area. When a Covered Person is enrolled in this Plan, he or she will get an enrollment packet. The packet will: (1) explain how to obtain benefits; and (2) contain information about current vision care Preferred Providers. A Covered Person may receive vision services from any VSP Preferred Provider. If a Preferred Provider ends his or her relationship with VSP for any reason, VSP will be responsible for furnishing vision services to Covered Persons either through that provider or another VSP Preferred Provider.

Use of the vision care PPO is voluntary. A Covered Person may receive vision care from any vision care provider he or she chooses. And, he or she is free to change providers at any time. But, this Plan usually pays more in benefits for covered services furnished by a Preferred Provider. Conversely, it usually pays less for covered services not furnished by a vision care Preferred Provider.

What We pay is based on all the terms of this Plan. Please read this Plan carefully for specific benefit levels, Copayments, Deductibles, Payment Rates and Payment Limits.

A Covered Person may call VSP should he or she have any questions about this Plan.

Obtaining Services from a Preferred Provider

CONTINUATION RIGHTS

Coordination Between Continuation Sections

A Covered Person may be eligible to continue his or her group vision care coverage under more than one Continuation Rights section at the same time. If he or she chooses to continue his or her group vision care coverage under more than one section, the continuations: (1) start at the same time; (2) run concurrently; and (3) end independently, on their own terms.

A Covered Person continuing coverage under more than one continuation section: (1) will not be entitled to duplicate benefits; and (2) will not be subject to the premium requirements of more than one section at the same time.

Uniformed Services Continuation Rights

If You enter or return from military service, You may be able to continue coverage under this Plan as a result of the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA).

If Your group vision care coverage under this Plan would otherwise end because You enter into active military service, You may elect to continue such coverage for Yourself and Your eligible dependents in accord with the provisions of USERRA.

Group vision care coverage may be continued while You are in the military for up to 24 months starting on the date of absence from work. Continued coverage will end if You fail to return to work in a timely manner after military service ends as provided under USERRA. You should contact Your Employer for details about this continuation provision, including required premium payments.

COBRA Continuation Rights

Employee and Dependent

Important Notice: The Federal Continuation Rights section may not apply to Your Employer's plan. You must contact Your Employer to find out if Your Employer is subject to the Federal continuation rights requirement. If Your Employer is subject to that requirement, the Federal Continuation Rights section applies to You.

Qualified Continuee: Under this section, the term "qualified continuee" means any person who, on the day before any event which would qualify him or her for continuation under this section, is covered for group vision care coverage as: (1) an active Employee; (2) the spouse of an active Employee; or (3) the dependent child of an active Employee. A child born to, or adopted by, an active Employee during a continuation provided by this section is also a qualified continuee. Any other person who would otherwise become eligible for group vision care coverage during a continuation provided by this section is not a qualified continuee.

If Your Group Vision Care Coverage Ends: If Your group vision care coverage would otherwise end due to Your termination of employment or reduction of work hours, You may elect to continue such coverage for up to 18 months, if You were not terminated due to gross misconduct.

The continuation is subject to When Continuation Ends.

Extra Continuation For Disabled Qualified Continuees: If a qualified continuee is determined to be disabled under Title II or Title XVI of the Social Security Act on or during the first 60 days after the date his or her group vision care coverage would otherwise end due to Your termination of employment or reduction of work hours, and such disability lasts at least until the end of the 18 month period of continuation coverage, You may elect to extend Your 18 month continuation period explained above for up to an extra 11 months.

To elect the extra 11 months of continuation, You must give Your Employer written proof of Social Security's determination of Your disability as described in The Qualified Continuee's Responsibilities. If, during the extra 11 month continuation period, the qualified continuee is determined to be no longer disabled under the Social Security Act, You must notify Your Employer within 30 days of such determination and continuation will end, as explained in When Continuation Ends.

This extra 11 month continuation is subject to When Continuation Ends.

An additional 50% of the total premium charge also may be required from Your family by Your Employer during this extra 11 month continuation period, provided the disabled qualified continuee has extended coverage.

B040.2676

All Options

If You Die While Covered: If You die while covered, any qualified continuee whose group vision care coverage would otherwise end may elect to continue such coverage. The continuation can last for up to 36 months, subject to When Continuation Ends.

If Your Marriage Ends: If Your marriage ends due to legal divorce or legal separation, any qualified continuee whose group vision care coverage would otherwise end may elect to continue such coverage. The continuation can last for up to 36 months, subject to When Continuation Ends.

If A Dependent Child Loses Eligibility: If a dependent child's group vision care coverage would otherwise end due to his or her loss of dependent eligibility as defined in this Plan, other than Your coverage ending, he or she may elect to continue such coverage. However, such dependent child must be a qualified continuee. The continuation can last for up to 36 months, subject to When Continuation Ends.

Concurrent Continuations: If a dependent elects to continue his or her group vision care coverage due to Your termination of employment or reduction of work hours, he or she may elect to extend his or her 18 month or 29 month continuation period to up to 36 months, if during the 18 month or 29 month continuation period he or she becomes eligible for 36 months of continuation due to any of the reasons stated above.

The 36 month continuation period starts on the date the 18 month continuation period started, and the two continuation periods will be deemed to have run concurrently.

Special Medicare Rule: If You become entitled to Medicare before a termination of employment or reduction of work hours, a special rule applies for a dependent. The continuation period for a dependent, after Your later termination of employment or reduction of work hours, will be the longer of: (1) 18 months (29 months if there is a disability extension) from Your termination of employment or reduction of work hours; or (2) 36 months from the date of Your earlier entitlement to Medicare. If Medicare entitlement occurs more than 18 months before termination of employment or reduction of work hours, this special Medicare rule does not apply.

The Qualified Continuee's Responsibilities: A person eligible for continuation under this section must notify Your Employer, in writing, of: (1) Your legal divorce or separation from Your spouse; (2) the loss of dependent eligibility, as defined in this Plan, of a covered dependent child; (3) a second event that would qualify a person for continuation coverage after a qualified continuee has become entitled to continuation with a maximum of 18 or 29 months; (4) a determination by the Social Security Administration that a qualified continuee entitled to receive continuation with a maximum of 18 months has become disabled during the first 60 days of such continuation; and (5) a determination by the Social Security Administration that a qualified continuee is no longer disabled.

Notice of an event that would qualify a person for continuation under this section must be given to Your Employer by a qualified continuee within 60 days of the latest of: (1) the date on which an event that would qualify a person for continuation under this section occurs; (2) the date on which the qualified continuee loses (or would lose) coverage under this Plan as a result of the event; or (3) the date the qualified continuee is informed of the responsibility to provide notice to Your Employer and this Plan's procedures for providing such notice.

Notice of a disability determination must be given to Your Employer by a qualified continuee within 60 days of the latest of: (1) the date of the Social Security Administration determination; (2) the date of the event that would qualify a person for continuation; (3) the date the qualified continuee loses or would lose coverage; or (4) the date the qualified continuee is informed of the responsibility to provide notice to Your Employer and this Plan's procedures for providing such notice. But, such notice must be given before the end of the first 18 months of continuation coverage.

B040.1229

All Options

Your Employer's Responsibilities: A qualified continuee must be notified, in writing, of: (1) his or her right to continue this Plan's group vision care coverage; (2) the premium he or she must pay to continue such coverage; and (3) the times and manner in which such payments must be made.

Your Employer must give notice of the following qualifying events to the Plan administrator within 30 days of the event: (1) Your death; or (2) termination of employment (other than for gross misconduct) or reduction in hours of employment; or (3) Medicare entitlement. Upon receipt of notice of a qualifying event from Your Employer or from a qualified continuee, the Plan administrator must notify a qualified continuee of the right to continue this Plan's group vision care coverage no later than 14 days after receipt of notice.

If Your Employer is also the Plan administrator, in the case of a qualifying event for which the Employer must give notice to the Plan administrator, Your Employer must provide notice to a qualified continuee of the right to continue this Plan's group vision care coverage within 44 days of the qualifying event.

If Your Employer determines that a person is not eligible for continued group vision care coverage under this Plan, the Employer must notify him or her with an explanation of why such coverage is not available. This notice must be provided within the time frame described above.

If a qualified continuee's continued group vision care coverage under this Plan is cancelled prior to the maximum continuation period, Your Employer must notify the qualified continuee as soon as practical following determination that the continued group vision care coverage shall terminate.

Your Employer's Liability: Your Employer will be liable for the qualified continuee's continued group vision care coverage to the same extent as, and in place of, us, if Your Employer fails: (1) to remit a qualified continuee's premium payment to us on time, causing the qualified continuee's continued group vision care coverage to end; or (2) to notify the qualified continuee of his or her continuation rights as described above.

Election Of Continuation: To continue his or her group vision care coverage, the qualified continuee must give Your Employer written notice that he or she elects to continue. This must be done by the later of: (1) 60 days from the date a qualified continuee receives notice of his or her continuation rights from Your Employer as described above; or (2) the date group vision care coverage would otherwise end. And the qualified continuee must pay his or her first premium in a timely manner.

The subsequent premiums must be paid to Your Employer, by the qualified continuee, in advance, at the times and in the manner specified by Your Employer. No further notice of when premiums are due will be given.

The premium will be the total rate which would have been charged for the group vision care coverage had the qualified continuee stayed covered under the group plan on a regular basis. It includes any amount that would have been paid by Your Employer. Except as explained in Extra Continuation For Disabled Qualified Continuees, an additional charge of two percent of the total premium charge may also be required by Your Employer.

If the qualified continuee fails to give Your Employer notice of his or her intent to continue, or fails to pay any required premium in a timely manner, he or she waives his or her continuation rights.

Grace In Payment Of Premium: A qualified continuee's premium payment is timely if, with respect to the first payment after he or she elects to continue, such payment is made no later than 45 days after such election. In all other cases, such premium payment is timely if it is made within 31 days of the specified due date. If timely payment is made in an amount that is not significantly less than the amount Your Employer requires to be paid for the period of coverage, then the amount paid is deemed to satisfy the requirement for the premium that must be paid, unless Your Employer notifies the qualified continuee of the amount of the deficiency and grants an additional 30 days for payment of the deficiency to be made. Payment is calculated to be made on the date on which it is sent to Your Employer.

When Continuation Ends: A qualified continuee's continued group vision care coverage ends on the first of the following:

- With respect to continuation upon Your termination of employment or reduction of work hours, the end of the 18 month period which starts on the date the group vision care coverage would otherwise end;

- With respect to a qualified continuee who has an additional 11 months of continuation due to disability, the earlier of: (1) the end of the 29 month period which starts on the date the group vision care coverage would otherwise end; or (2) the first day of the month which coincides with or next follows the date which is 30 days after the date on which a final determination is made that the disabled qualified continuee is no longer disabled under Title II or Title XVI of the Social Security Act;
- The date Your Employer ceases to provide any group vision care coverage to any Employee;
- The end of the period for which the last premium payment is made;
- The date, after the date of election, a qualified continuee becomes covered under any other group vision care coverage which does not contain any pre-existing condition exclusion or limitation affecting him or her;
- The date, after the date of election, the qualified continuee becomes entitled to Medicare; or
- With respect to continuation upon Your death, Your legal divorce or legal separation, or the end of a covered dependent's eligibility, the end of the 36 month period which starts on the date the group vision care coverage would otherwise end.

If Your Coverage Would End: Your vision expense coverage would normally end because You cease work due to an approved leave of absence. But, You may continue Your coverage if the leave has been granted to: (1) allow You to care for a seriously injured or ill spouse, child or parent; (2) after the birth or adoption of a child; (3) due to Your own serious health condition; or (4) because of a serious injury or illness arising out of the fact that Your spouse, child, parent or next of kin who is a covered service member is on active duty, or has been notified of an impending call or order to active duty, in the Armed Forces in support of a contingency operation. This 26 week total leave period applies to all leaves granted to You under this section for all reasons. - In any other case: The end of a total leave period of 12 weeks in any 12 month period.
- The date on which Your Employer's Plan is terminated or You are no longer eligible for coverage under this Plan.

Dependent Continuance On Your Death

If You die while covered, We will continue dependent coverage for those of Your dependents who were covered when You died. We will do this for six months at no cost, provided: (1) this group vision coverage remains in force; (2) the dependents remain eligible dependents; and (3) in the case of a spouse, the spouse does not remarry.

If a surviving dependent elects to continue his or her dependent benefits under another continuation provision, if any, this free continuation period will be provided as the first six months of such continuation. Premiums required to be paid by, or on behalf of, a surviving dependent will be waived for the first six months of continuation, subject to the conditions shown in items (1), (2), and (3) above. After the first six months of continuation, the remainder of the continuation period, if any, will be subject to the premium requirements, and all of the terms of the other continuation provision.

The term "Affiliate Provider" means vision care providers who are not contracted as VSP Preferred Providers but who have agreed to bill VSP directly for covered vision services and supplies provided as set forth in this rider. The term "Copayment" means a charge, expressed as a fixed dollar amount, required to be paid by, or on behalf of, a Covered Person to a Preferred Provider or an Affiliate Provider at the time covered vision services or supplies are received.

The following notice applies if your plan is governed by the Employee Retirement Income Security Act of 1974 and its amendments. This notice is not part of the Guardian plan of insurance or any employer funded benefits, not insured by Guardian.

STATEMENT OF ERISA RIGHTS

As a participant, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Continue Group Health Plan Coverage

Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. You should review this summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement Of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Statement of Erisa Rights (Cont.)

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Qualified Medical Child Support Order

Federal law requires that group health plans provide medical care coverage of a dependent child pursuant to a qualified medical child support order (QMCSO). A "qualified medical child support order" is a judgment or decree issued by a state court that requires a group medical plan to provide coverage to the named dependent child(ren) of an employee pursuant to a state domestic relations order. For the order to be qualified it must include:

- The name of the group health plan to which it applies.
- The name and last known address of the employee and the child(ren).
- A reasonable description of the type of coverage or benefits to be provided by the plan to the child(ren).
- The time period to which the order applies.

A dependent enrolled due to a QMCSO will not be considered a late enrollee in the plan.

Note: A QMCSO cannot require a group health plan to provide any type or form of benefit or option not otherwise available under the plan except to the extent necessary to meet medical child support laws described in Section 90 of the Social Security Act.

If you have questions about this statement, see the plan administrator.

Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Fiduciary with discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA").

Definitions "Adverse Benefit Determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit. A failure to cover an item or service: (a) due to the application of any utilization review; or (b) because the item or service is determined to be experimental or investigational, or not medically necessary or appropriate, is also considered an adverse determination.

"Group Health Benefits" means any dental or vision care coverages which are a part of this plan.

"Pre-service claim" means a claim for a medical care benefit with respect to which the plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of receipt of care.

"Post-service claim" means a claim for payment for medical care that already has been provided.

"Urgent care claim" means a claim for medical care or treatment where making a non-urgent care decision: (a) could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function, as determined by an individual acting on behalf of the plan applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine; or (b) in the opinion of a physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care.

Note: Any claim that a physician with knowledge of the claimant's medical condition determines is a claim involving urgent care will be treated as an urgent care claim for purposes of this section.

Timing For Initial Benefit Determination The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Urgent Care Claims. Guardian will make a benefit determination within 72 hours after receipt of an urgent care claim.

Group Health Benefits Claims Procedure (Cont.)

If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 24 hours after receipt of the claim. The claimant will be given not less than 48 hours to provide the specified information.

Guardian will notify the claimant of the benefit determination as soon as possible but not later than the earlier of:

- the date the requested information is received; or
- the end of the period given to the claimant to provide the specified additional information.

The required notice may be provided to the claimant orally within the required time frame provided that a written or electronic notification is furnished to the claimant not later than 3 days after the oral notification.

Pre-Service Claims. Guardian will provide a benefit determination not later than 15 days after receipt of a pre-service claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 5 days after receipt of the claim. A notification of a failure to follow proper procedures for pre-service claims may be oral, unless a written notification is requested by the claimant.

The time period for providing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 15-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Post-Service Claims. Guardian will provide a benefit determination not later than 30 days after receipt of a post-service claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Group Health Benefits Claims Procedure (Cont.)

Concurrent Care Decisions. A reduction or termination of an approved ongoing course of treatment (other than by plan amendment or termination) will be regarded as an adverse benefit determination. This is true whether the treatment is to be provided(a) over a period of time; (b) for a certain number of treatments; or (c) without a finite end date. Guardian will notify a claimant at a time sufficiently in advance of the reduction or termination to allow the claimant to appeal.

In the case of a request by a claimant to extend an ongoing course of treatment involving urgent care, Guardian will make a benefit determination as soon as possible but no later than 24 hours after receipt of the claim.

Adverse Benefit Determination

If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse benefit determination;
- reference to the specific plan provision(s) on which the determination is based;
- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request;
- in the case of an adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request; and
- in the case of an urgent care adverse benefit determination, a description of the expedited review process.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

A request for an appeal of an adverse benefit determination involving an urgent care claim may be submitted orally or in writing. Necessary information and communication regarding an urgent care claim may be sent to Guardian by telephone, facsimile or similar expeditious manner.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;

Group Health Benefits Claims Procedure (Cont.)

- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and
- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

Urgent Care Claims. Guardian will notify the claimant of its decision as soon as possible but not later than 72 hours after receipt of the request for review of the adverse benefit determination.

Pre-Service Claims. Guardian will notify the claimant of its decision not later than 30 days after receipt of the request for review of the adverse benefit determination.

Post-Service Claims. Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse benefit determination.

Alternative Dispute Options The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.
