

SEAR THE PHISH

STOP

Don't panic and don't be too quick to click on email links even if the message looks urgent and threatening.

EXAMINE

Look at the email closely. Does the message look suspicious, or does the link look unusual? Does the request make sense?

ASK

Question the sender (if you know him/her personally). Check with the LITS Help Desk (helpdesk@hamilton.edu or 315-859-4181) to determine if the email is legitimate or not.

REPORT

Notify LITS if you receive any Hamilton-related phishing emails by forwarding it to helpdesk@hamilton.edu.

Always remember that Hamilton College will not arbitrarily solicit personal information from you. You should never reply to those requests. If you're not sure you responded to a phish, contact the LITS Help Desk at helpdesk@hamilton.edu or 315-859-4181 just in case.
